

## Convert Wasted Rack & Shelving Space To Valuable Floor Space

Kardex Remstar's Vertical products solutions save up to 85% of otherwise wasted floor space. Both the Kardex Remstar vertical carousel and Shuttle® Vertical Lift Module (VLM) provide dramatic space savings and productivity enhancing features. This wasted floor space can be converted to generate revenue.

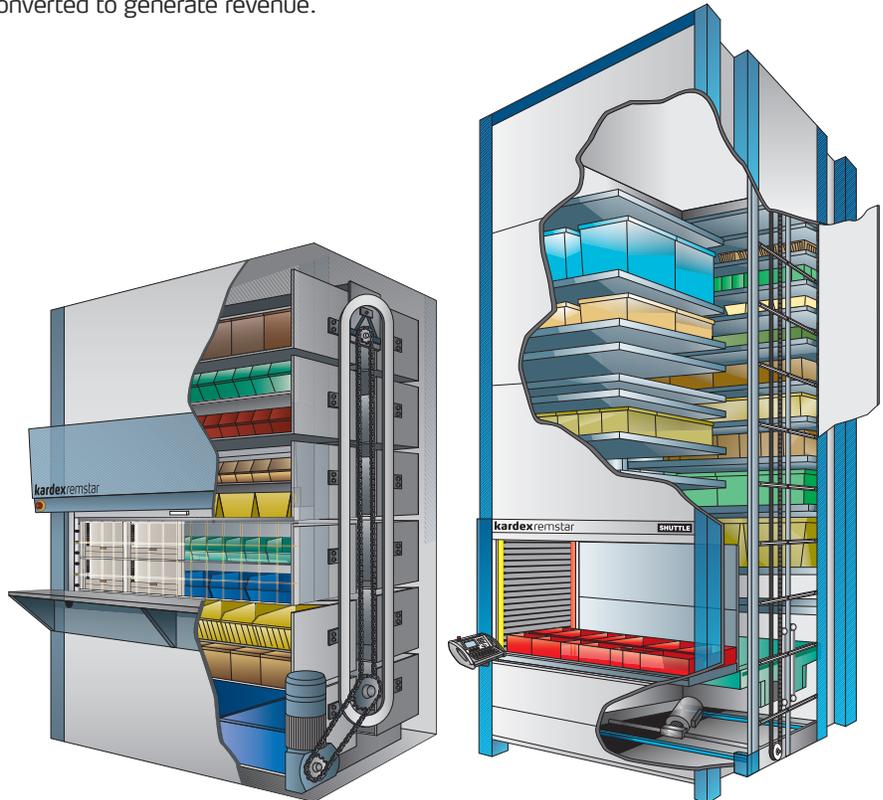

- Create more workstations
- Accommodate more parts or WIP
- Increase capacities
- Eliminate expansion or moving costs
- Reduce new construction costs

**New Facilities:**

- Reduce construction costs, taxes, utilities and security cost by building only the space required.

**Existing Facilities:**

- Eliminate expansion or moving costs. Either use your existing floor space to store more parts or use the space to help grow your business.

Ceiling Height	Eliminated Shelving Sections	Space Savings (sq. ft.)	Space Savings (percentage)
15'	31 - 35	317 - 328	76%
20'	45 - 49	461 - 472	82%
25'	59 - 65	569 - 616	85%
30'	73 - 80	713 - 724	88%
35'	87 - 94	821 - 868	89%
40'	to 100	to 929	91%
