

### Features

1. **High Density** - Presents up to 115 linear filing inches per shelf level saving up to 70% of the valuable floor space
2. **Flexible Storage Design** - From 8 to 31 carriers available
3. **Workstation** - An overhead task light for increased visibility
4. **Controlled Access** - Two-part locking security doors
5. **Range of Controls** - Multiple styles and levels of controls available from basic push button to PC integration
6. **Safety Features**
  - Full light curtain
  - Emergency Stop Button(s)
  - Two safety touch bars
7. **Ergonomic Operation** - Electric, mechanical, folding, fixed standing or seated work counter
8. **Match Any Decor** - Available in any RAL color combination\*
9. **Software Integration**- Can easily integrate software for file and item tracking, bar codes, color code labels and much more

\* upcharge may apply.

### Ergonomic Work Counter

Four choices of work counters: fixed, folding, mechanical or electric provides maximum flexibility to meet any organizations needs.

#### Fixed Work Counter

Configured in a seated or standing position from the factory.

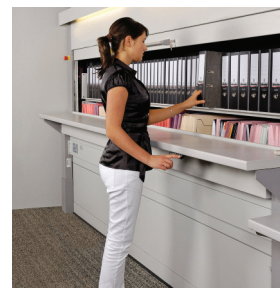

#### Folding Work Counter

Configured in a seated or standing position from the factory, but can fold down instantly to provide more aisle space.

#### Mechanical Work Counter

The mechanical work counter is adjustable between the lowest seated height (29.5") and the highest standing height (39.4"). The operator can adjust the counter in two inch increments anywhere in between.

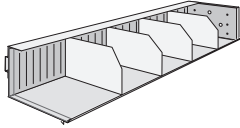

#### Electric Work Counter

One touch operation moves the electric work counter up and down between the seated position (30.3") and standing position (39.37") allowing the operator to stop the work counter anywhere in between.

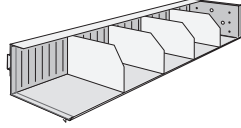

The Lektriever Electric Lateral File ADA options meets or exceeds all requirements and guidelines as set forth by ADA. The ADA work counter meets the requirements for forward reach over an obstruction, knee clearance, maximum high forward reach, front approach and side approach.

## Multiple Filing & Storage Configurations

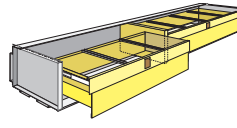

A wide range of carrier configurations give the KardexRemstar ELF unmatched flexibility in handling multi-media storage and retrieval requirements.

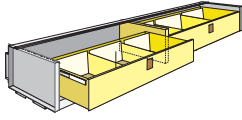

**Lateral Carrier (letter/legal folders)**  
Lateral carrier for letter or legal side tab with adjustable or fixed position dividers.

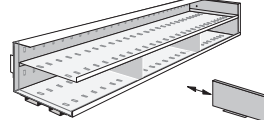

**Tray Carrier with 60° Lip (folder/cards/trays)** Divided for letter and legal trays.

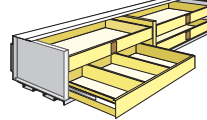

**Hanging Frame Carrier (letter/legal folders)** Roll out drawers for suspended letter and legal folders.

**Roll Out Drawer Carrier (letter/legal folders with top tabs)**  
Roll out drawers for letter and legal folders with top tab index.

**Tiered Multi Purpose Carrier**  
Tiered Universal Carriers are ideal for trays, cartons and boxed goods and totes.

**Multi-Media Roll Out Drawers**  
A carrier's full height may be divided with multiple roll out drawers for fast and easy access.

**Security (valuable or sensitive material)**

**Forms & Publications**

## Controllers and Interface

### T-O Matchbox

- With flexible cable and magnet-fixing
- For variable positioning

### Keyboard T-O

- Up and down keys for manual rotation (carrier selection)
- 3-digit LED self level display
- Numeric keypad for carrier selection via shortest route
- Start/restart, stop interrupt buttons
- System error indication

### Keyboard T3-LCD

- Carrier selection, max. input: 3 digits
- Position selection, max. input: 2 digits
- Depth position selection, max. input: 1 digit
- Quantity display, max. input: 6 digits
- Manual buffer, max. input: 40 data lines
- Review and correction of the manually stored information
- Direct definition of carrier number
- Recall quantity corrections via host
- EDP host call up (remote in/output)

### Computer Interface

- Computer interface GS205B RS-232 R-422

T 88 - For connection to host systems for computer-controlled applications
